# OUR SEAFARING VILLAGE

The old town centre is a network of lanes, small squares and houses painted in bright colours, facing on streets that once were canals. **All it takes is a stroll in the heart of Caorle to understand why our seafaring hamlet is referred to as “miniature Venice” all over the world.**

It looks like an outdoor lounge starting from the breathtaking Piazza Vescovado, the main square where the Duomo and the Bell Tower (both XI century) stand out. Not far away, there is the suggestive Sanctuary of Madonna dell'Angelo placed on a dam which nowadays is one of the most beautiful promenades on the coasts of the upper Adriatic Sea. In fact the cliffs have been transformed in works of art by sculptors from all around the world. The result is “Scogliera viva”, an astonishing outdoor art gallery.

# OUR BEACH

A spacious beach, with fine golden sand, clean crystal-clear sea, a seabed that gently slopes down.

In Caorle you will find amenities for all needs, for people with reduced mobility, for people with dogs, for people who want just to relax. For years we have been awarded the Blue Flag, the Green Flag, the Flag for Inclusive Tourism.

## CHILD-FRIENDLY

Crystal-clear shallow water by the shore, sand for magic towers and castles, play areas fitted with fun trails such as slides, steps and tunnels...children will enjoy all this!

## YOU WILL BE SPOILT FOR CHOICE ON A BEACH WHICH IS EIGHTEEN KILOMETRES LONG:

on either side of the old town centre you find the Levante and Ponente beaches, where most hotels are located; then Porto Santa Margherita, Lido Altanea e Duna Verde, all characterized by state-of-the-art holiday resorts, and finally Brussa, with its wild and unspoilt sandy coast.

### PORTO SANTA MARGHERITA

is a seaside resort connected to Caorle in different ways: there is even a characteristic ferry during the summer months. The flagship of the resort is the family management of the bathing establishments, with special customer care to people with disabilities. There you will find the large pinewood that protects you from the sun on the hottest days. In Porto Santa Margherita you are in the family even on the beach.

### LIDO ALTANEA

offers a clean sandy beach, fully equipped with all comforts: a 360° service, including an accurate lifeguard assistance and a team for organizing your free time. Just 100 metres from the beach, there are sports fields for football, soccer, tennis, beach volleyball, table tennis, basketball and beach soccer for engaging tournaments or for personalized lessons.

### DUNA VERDE

surrounded by greenery as the name suggests, boasts a beach with modern facilities for relaxation and a wide range of services; to reach it you cross the dunes and the coastal pinewood, where you can find some shade.

# SEA AND TRADITION

## THE WORLD OF FISHING

CAORLE HAS PRESERVED ITS ASPECT OF SEAFARING VILLAGE.

Local people still practices fishing and the boats are moored in the picturesque port. Here you can see the fishermen come back from the fishing trip and unload their catch, ready to be sold at the Fish Market, in Riva delle Caorline, where the traditional "ear" auction takes place and where you can purchase our locally-sourced sea food.

Thanks to its variety and quality, this is our number one trademark food.

# FOOD AND WINE

## THE TASTE OF TRADITION

LIVE A UNIQUE SENSORY  
EXPERIENCE?

of the village allows you to feel less like a  
foreigner and more part of the community.

The seafaring tradition reaches its peak in the art

# OUR LAGOON

DISCOVER THE LAGOON OF CAORLE,  
SITE OF COMMUNITY IMPORTANCE,  
A PARADISE OF UNTOUCHED NATURE.

In this astonishing protected naturalistic area a wide range of plants and animals, especially birds and fish, find the ideal place to thrive and breed. In the past the local fisherman, together with his family, used to spend most of his life devoted to fishing. His dwelling was the so called "cason", lodge made of wood and swamp canes. These thatched houses are still to be glimpsed nowadays along the cycling-pedestrian route, not far from the old town centre.

During the summer you can join an excursion by boat which allows you to sight from afar the

and to visit a typical "cason" from inside.

# ACROSS THE CANALS

## BOAT PASSAGE TO VALLEVECCHIA

In the summer the boat passage on foot or by bike connects Caorle with the natural oasis. Our advice is to go to the boarding point on the Passo Falconera road by bicycle. After half an hour of navigation across the lagoon, you will reach the Environmental Museum of Vallev ecchia.

**The service is upon reservation.**

The perfect refuge for lovers of nature, peace and relax, characterized by a beautiful wild and sandy beach known as Brussa.

## BIRD WATCHING

Across the fields, the dunes and the pinewood there are the bird-watching spots to catch a glimpse of non-migratory and migratory bird species, such as the purple heron or the mallard. While the fox, the hare and the roe deer show themselves to the luckiest visitors.

Visit the National Archaeological Maritime Museum located at the entrance of Caorle. On two levels, finds dating between the prehistorical and the contemporary times witness the history of Caorle, its sea and its trade routes over the centuries.

TWO SPLENDID TOWNS NOT FAR FROM CAORLE ARE THE IDEAL DESTINATION FOR A TRIP OUT OF TOWN

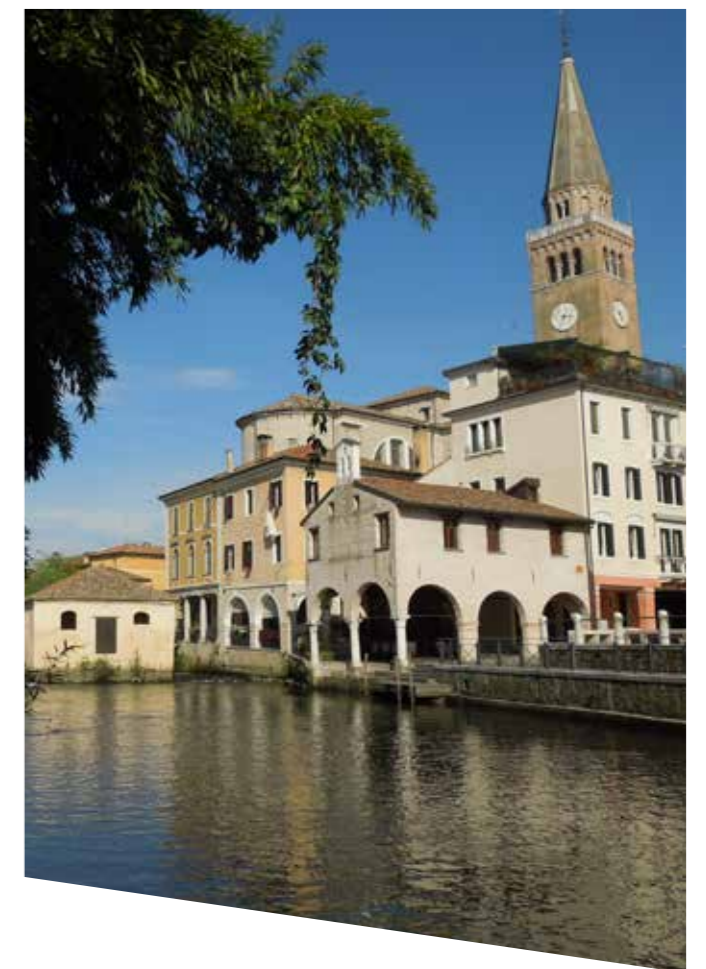

## CONCORDIA SAGITTARIA

(the former "Iulia Concordia") was a Roman colony on the ancient road Via Annia. Today valuable Roman and early Christian monuments and works of art are still to be seen. Beneath the Cathedral of Santo Stefano, you can visit the Paleo-Christian complex dating back to the 4th century with a well-preserved mosaic flooring. Do not miss the 12th-century Romanesque-Byzantine baptistery, with well-preserved frescoes inside.

## PORTOGRUARO

is a quaint little medieval and Renaissance town that still preserves intact its urban network. It was founded in 1140 and in 1420 it came under the dominion of the Venetian Serenissima Republic. In the past it was an important commercial centre due to its geographical position as crossing point by road and by waterways between Venice and the Noricum (the area corresponding to modern Austria).

# I LOVE SHOPPING

SHOPPING IN THIS DELIGHTFUL OLD TOWN CENTRE IS A PLEASANT EXPERIENCE.

The shop windows of Caorle face the typical calli and campi and the bright colours of the houses alternate with souvenirs, perfumes, sweets, books, shoes, clothing and all that you need on holiday. While walking along the promenade do not miss shopping in the old town.

And there is more: during the summer evenings, the pedestrian area is endless, just like the amount of ice creams that you can eat here.
